RE: Orangeburg Department of Public Utilities
Notice of New Natural Gas Construction Project

Dear Ms. Boyd:

The Orangeburg Department of Public Utilities is required to notify the Public Service Commission ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects with costs of \$500,000 or more, or that exceed 25,000 feet in length (*See* 26 S.C. Code Ann. Reg. 103-412.2.7 A). In compliance with the regulation, this letter serves as notification to the Commission that the Orangeburg Department of Public Utilities plans to install new pipeline consisting of approximately 48,000 feet of two (2) inch to six (6) inch medium density polyethylene pipe and 1,100 feet of ten (10) inch steel pipe.

The Orangeburg Department of Public Utilities anticipates that construction of the natural gas pipeline will begin March 1, 2015. The Company anticipates that the total cost of this construction project will exceed \$500,000. By copy of this letter, we are also notifying the South Carolina Office of Regulatory Staff of the Company's construction project.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Dave Durgin
Director, Gas Division
Department of Public Utilities
